Pedoreen Olocations

# luna house

.

1. The

# luna house is a beautiful location in oxfordshire.

Originally a beamed and timber cottage it has been doubled in size with a contemporary wing to give a super light and spacious house. It is close to Oxford and Didcot with easy access to London via the M40 or M4.

It is set in a beautiful garden, with a tennis court, swimming pool and lake overlooking open countryside. The older part of the house has a beautifully beamed sitting room and study, together with calm and spacious bedrooms on the first floor. The stunning contemporary wing has a huge hallway, with an impressive front door and doors at the back that open out to the formal garden.

The Kitchen and dining area are very light with great pull back space. This leads onto a lovely terrace overlooking the lake and pool.

Luna House is also available for Paint & Decorate.
