

malmesbury house

malmesbury house is a beautiful location just outside of malmesbury in wiltshire.

Close to the M4 it has easy access to London, Bath and Bristol. Originally a 17th Century farmhouse with two large barns and three outbuildings it has been sensitively converted into a gorgeous clean contemporary country space, perfect for lifestyle interiors photography.

There are hard-wood and stone floors throughout and exposed stone walls and distressed wooden panelling on the walls giving several options for finishes.

The Kitchen is a perfect size for shoots with good pull back space and adjacent to a fabulous garden room that opens out onto the terrace with views across the farmland and woods.

The Hall is double height with a glass panelled mezzanine landing and the three bedrooms have individual characteristics including a curved wall in the master bedroom.

The main Bathroom has a spectacular freestanding bath, with distressed panelling and lots of space.

Outside the front garden has established trees and lawns and the front door is perfect for a Christmas shoot!

In addition Malmesbury House has a one bedroom cottage that is available for shoot and stay.
